LETTER FROM CHAS. T. RILEY

Explains His Views on the Commission Form of Government

Having served several years as Magistrate from one of the rural districts of Crittenden County I feel that I have had occasion to hear and see what is going on in the management of the financial affairs of the county. I am not a candidate for reelection to the office of Magistrate and I am not saying this for political purposes but in order that the people of this county may know just the condition of affairs. I have known and all the other magistrates have known and know now that certain financial elements and magistrates are always trying to get their hands on the finances of the county not for the interest of the public but for what it might bring them or their institution in dollars and cents.

The eight magistrates represent the people have laid this question as best we could. We were even when we wanted to do the right thing every body and some we have not been fit to favor any one but in the end of each, backing institution of corporation and let them take charge of the financial affairs of the county. They have been wise to propose a commission form of government.

This form of government means that the financial affairs of the county if voted will be handled by three men who will all be selected from the four of Marion who would be paid a salary for more time what is now paid to an agent of the magistrates and in the event they think they are not paid enough they may go to the Circuit Court and get a raise.

It is true that the financial affairs have been unable to grant every request of the eight magistrates but I do know that each magistrate district has had some considerable through their magistrates that that they will not get if we vote the commission form of government. I am a card in the Press from Judge Henderson on this question. Now if it may be true that Judge Henderson by what he wrote did not intend to fast influence the voters of this county by writing this but knowing that the magistrate had expressed such the constitution of which Judge Henderson is an officer, and in an effort to be a teacher of that same constitution and the petition calling for the vote on this question I want the voters to know the whole thing. Judge Henderson says in his article that if we have the commission we would have no magistrates. Now I am a lawyer but I have not a copy of the constitution of the State of Kentucky and like Judge Henderson I did take an oath to support and defend that constitution and if it is true that we have no magistrates and that they have been magistrates and that they have been magistrates for four years. These provisions of the constitution give to the people of this county a commission form of government and have a voice in their financial affairs and how their money is to be spent and I am against any action that takes away from the people any of these rights that the constitution gives them.

Now as I said in the past I am not a candidate for magistrate but I am a candidate for James of Crittenden County and on the Republican ticket but I am not afraid to say the truth when I know it and it is my honest belief that the proposition to vote a Commission form of Government on this county is just a scheme to take away from the people of the county the financial representation which the constitution of Kentucky gives them.

APRIL 11 A GALA DAY FOR MARION

March has been said about the engagement with which children look forward to the coming of Circus Day. And Circus Day is a great day in the life of the child and on that particular day most of us are children. In days past Marion has had a number of circus days but on April 11th Marion is going to have an event even greater than any circus from a standpoint of good wholesome entertainment and jolly merrymaking.

April 11th is the day which has been set apart as "Street Fair Day" in Marion and an entertainment of unusual magnitude has been prepared for the occasion. Cochran's Main Street Fair has been solicited, promised and secured as the central place of the event and a big time is promised in every feature of the entertainment. There will be a big parade featuring the principal characters found in the city. There will be a lot of games for all kinds of good children. Then too there will be a number of various huts and displays, including a continuous vaudeville concert, a Japanese Tea Room, and a graphic portrayal of Harriet Africa.

The baby show will be something that you will want to see and for which there will be a lot of interest. These will be welcome for everybody. If you want to spend an evening of enjoyment just make your arrangements to attend the Street Fair by what he wrote did not intend to fast influence the voters of this county by writing this but knowing that the magistrate had expressed such the constitution of which Judge Henderson is an officer, and in an effort to be a teacher of that same constitution and the petition calling for the vote on this question I want the voters to know the whole thing. PROCLAMATION

To Every Expatriate From Kentucky In All The World

At "Federal Hill" a homestead and estate near Hordstown, Kentucky, Stephen C. Foster wrote and composed that most loved and famous of all American songs, "My Old Kentucky Home, Goodnight." The homestead and surroundings still remain essentially as they were in that summer time of 1852 when "The corn tops were ripe and the meadows were in bloom," and as they were in 1790 when the mansion was built.

The place is under option to be purchased by popular subscription in Kentucky to be converted into a historic shrine to perpetuate the glory of the song, the memory of the great American composer and the universal desire to honor its consecrated associations. It is to be maintained and protected when acquired under the authority and control of the State.

Now, therefore, I, Edwin P. Morrow, Governor of the Commonwealth, do make and send this proclamation with greetings: To all fond expatriates from the Kentucky soil that gave them birth; to the children of such as have passed on and left the heritage of pride in their origin, to those who have listened to that song of home under the shadow of other hills, in the sunlight of other pines or beneath the quiet stars of alien skies, and have felt the thrill of its deathless beauty and pathos.

You also are privileged and invited to join with the sons and daughters of Kentucky in a contribution to this fund which shall be used alone to preserve the home of the song that is your song and our song. You have stood with uncovered head and tear-dimmed eyes as the old song tugged at your heart strings. Let it tug now at your pursestrings. It has been suggested that even strangers to Kentucky, who love Foster's melodies, might care to contribute to this fund. Send such subscription as your mind and heart dictate to Hon. A. T. Herr, Treasurer, Louisville, Kentucky. All will be acknowledged. An album containing the names of all subscribers will be deposited in the Old Kentucky Home. Given under my hand as Governor of the Commonwealth, this second day of April, 1921.

EDWIN P. MORROW, Governor of Kentucky

FISCAL COURT

Fiscal Court met Tuesday and Wednesday of this week. Judge R. L. Moore and all the Magistrates were present. Considerable business was transacted.

Several claims were granted. First was allowed for the Hellville Road on the condition that the citizens along that road raise as much as one third of that amount in either work or money.

A contract was let to Mr. E. Champion for the upkeep of the Salem road to the Livingston line. He is to be allowed \$2,000 per year. Mr. Champion is a good road builder and the court was wise in giving him the contract.

Miss Leaffa Wilburn was unanimously re-elected County Treasurer for another term of four years with a salary of \$400 per year. Miss Leaffa has made a most excellent officer in the past and no doubt the voters will all be glad of her reelection.

NOTICE

All persons holding County Claims payable out of 1920 levy, bearing date from September 7, 1920 to October 1, 1920, will present same for payment on or before April 9, 1921. Interest will cease to accrue after April 9, 1921, and all persons holding claims payable out of 1920 levy and prior levies will present same for payment. LEAFFA WILBURN, County Treasurer.

Every gallon of Hanna's Green Seal Paint contains 300 Sq. Feet, (two coats), of paint protection and beauty. In some cases it's a good deal more than 300 ft., according to the surface to be painted.

And if properly applied, Green Seal covers this face without laps or brush marks showing. It supplies a smooth, evenly spread film which weather cannot break through. Thus Green Seal does the double duty of beautifying and protecting decay. It gives both good wear and good looks. It's the tried brand.

Marion Hugh, who has always had a reputation for good speakers and is also well known in the Blue and White circles of Marion High, came into this town with very few acquaintances, though the girls liked him. The friends that took an interest in him, for the deplorable state of Marion Hugh were to meet with the President Young and his wife on the night April 1. The friends are of the opinion that it would be a better way if and if possible are best a better way.

Friends attending the Marion High school during the morning of 1. Walter Young, who knows and the White, together with a group of school graduates, visited the case of sympathy in the school of about twenty slipped away from the school in the hands of Marion Hugh.

Friends had exerted every effort to make the affair a success from the standpoint of entertainment and in every case which would lead to the school and because of this reason, from Marion. These are some of the reasons for the success of the President Young School.

The school was held in the Auditorium of the President High School.

From the time when Walter Young was the afternoon speaker at the meeting in the city, and from the time when the speaker was the school in a way which made the school a success for the first time, it was a better after the manner of the good old days.

When the school was announced in front of Marion the school was approached at the time before of the school of the last.

Some of Marion Hugh and of the "talk" for Marion White and Eugene, the last one have added another name to Marion Hugh's name of success.

What the American Farm Bureau has accomplished

Every farmer in Kentucky who is a member of his County Farm Bureau is also a member of the Kentucky Farm Bureau Federation, and the American Farm Bureau Federation.

The following is what his money helped to accomplish:
Passed the repeal of the Daylight Saving Law
Put back the Anti-Strike clause in the Railroad Bill after it had been removed by Congress

After Congress had stricken out an appropriation of one and one half million dollars from the Agricultural Extension work, it caused this item to be replaced in the Bill with an additional half million dollars added for good results, making a total of two million dollars additional.

Has secured passage in the Republican and Democratic platforms that are of great importance to all farmers.

Started plans for a grain marketing scheme that will eventually stabilize all grain markets and save farmers from five to ten million dollars annually in commission.

Has assisted in organizing Farm Bureaus in five additional states, making a total of thirty-three States now organized with a total membership of about 1,200,000.

Has assisted in organizing Farm Bureaus in fifteen counties in Kentucky, namely: Barren, Boyd, Breckinridge, Harlan, Carroll, Crittenden, Caldwell, Hickman, Leflore, Lawrence, Marion, Nelson, Owsen, Trimble, making a total of forty-seven counties now organized.
